

GENERAL FARMING

Applicable Requirements and Compliance Certification Facilities Located in the Ventura County Air Pollution Control District

This and other Ventura County forms (if necessary) may be used in lieu of the standard "Part D – Compliance Certification" form we provided as part the title V application for farms in California. You may use these forms only if some or all of your farm is located in the Ventura County Air Pollution Control District's jurisdiction. Please read the attached Ventura County – Part D instructions for more information.

- 1. Equipment Description:** This form lists the generally applicable requirements that may apply to your operations. There are no specific pieces of equipment to which this form applies.

2. Applicable Requirements	3. Compliance Determination Method	4. Compliance Status
<p>Applicable Rule number that the facility must comply with.</p> <p>Rule 56, "Open Fires"</p> <p><i>On days declared to be "burn days", a person may use an open outdoor fire for the disposal of agricultural wastes in the pursuit of agricultural operations if a written permit has been obtained from the fire protection agency having jurisdiction in the area. (56.B)</i></p> <p><i>Agricultural burning shall comply with the requirements of Rule 56.C, "Conditions on Open Burning", including, but not limited to, the following: (56.C)</i></p> <ul style="list-style-type: none"> <i>If feasible, the burning shall be conducted when the wind speed and direction in the vicinity of the burning project will not carry emissions into populated areas. In no case shall the burning be conducted when weather conditions could cause smoke to create or contribute to an exceedance of a state or federal ambient air quality standard or cause a public nuisance.</i> <i>The material to be burned shall be free of other materials such as tires, rubbish, tar paper, plastics, pallets, construction debris, paper, oily waste materials, feathers, animal fur, diseased or dead animals, organic fertilizer, and noncombustible containers.</i> <i>The material to be burned shall not include combustible containers for pesticides or other chemicals and shall be reasonably free of dirt, soil and visible surface moisture.</i> 	<p>This is the primary method used to determine compliance with the applicable requirement.</p> <p>I have knowledge that:</p> <ol style="list-style-type: none"> I burn agricultural wastes only on declared burn days and only with a written permit issued by the fire protection agency, <u>and</u> Agricultural burning is conducted according to the requirements of Rule 56.C and according to the requirements of the written permit. 	<p>Please check the appropriate box, and use a separate form for operations with varying compliance status.</p> <p><input type="checkbox"/> in compliance with Rule 56 and I will continue to comply with all requirements.</p> <p><input type="checkbox"/> not in compliance with Rule 56 at this time, but I will be by: _____/_____/_____</p> <p>If <u>not</u> in compliance, submit plan per instructions.</p> <p><input type="checkbox"/> These requirements do not apply to my farming operations because no open burning is conducted at my farm or ranch.</p>

<p>Rule 80, "Permits" <i>No person shall construct, place, maintain, alter, use or operate in excess of five (5) orchard heaters in any place where they may be used or operated for frost protection, without first obtaining a Permit to do so from the Agricultural Commissioner.</i></p> <p>Rule 81, "Condition of Heaters" <i>Upon application for Permit, applicant shall execute a signed statement to the effect that heaters comply with Rule 81 including the requirement that they be clean and in good repair and working condition.</i></p> <p>Rule 83, "Orchard Heaters" <i>Orchard heaters may be used for frost protection pursuant to Permit if they are so designed or equipped, or can be operated or regulated, so as not to discharge into the atmosphere unconsumed solid carbonaceous matter at a rate in excess of one (1) gram per minute or are approved by the State Air Resources Board.</i></p> <p>These rules apply only if you operate more than five (5) orchard heaters for frost protection.</p>	<p>1. I have knowledge that I have obtained a Permit for my orchard heaters from the Agricultural Commissioner <u>and</u></p> <p>2. All heaters I use are clean and in good repair and working condition <u>and</u></p> <p>3. Orchard heaters are certified by ARB or emit less than 1 gram per minute of unconsumed carbonaceous material.</p>	<p><input type="checkbox"/> in compliance with these rules and I will continue to comply with all requirements.</p> <p><input type="checkbox"/> not in compliance with these rules at this time, but I will be by: _____/_____/_____</p> <p>If <u>not</u> in compliance, identify which rule you are not in compliance with and submit plan per instructions.</p> <p><input type="checkbox"/> These requirements do not apply to my operations because I do not operate more than five (5) orchard heaters.</p> <p>Note that these rules do not apply to the use of wind machines or helicopters for frost protection purposes.</p>
<p>Rule 82 "Burning Rubber and Other Substances"</p> <p><i>It shall be unlawful for any person, for the purpose of frost protection, to burn any rubber tires, or any other substance containing rubber, or to burn oil or other combustible substances in drums, buckets, tubes, pails or other containers except orchard heaters.</i></p> <p><i>Fuels used in orchard heaters shall comply with applicable Ventura County Air Pollution Control District Rules and Regulations.</i></p>	<p>I have knowledge that:</p> <p>1. I do not burn rubber tires or other substances containing rubber for frost protection purposes, <u>and</u></p> <p>2. I do not burn oil or other combustible substances in drum, buckets, tubes, pails or other containers except orchard heaters, <u>and</u></p> <p>3. My orchard heaters for frost protection burn only diesel fuel that is either ARB certified or has a sulfur content of less than 0.5% by weight</p>	<p><input type="checkbox"/> in compliance with Rule 82 and will continue to comply with all requirements.</p> <p><input type="checkbox"/> not in compliance with Rule 82 at this time, but will be by: _____/_____/_____</p> <p>If <u>not</u> in compliance, submit plan per instructions.</p> <p><input type="checkbox"/> These requirements do not apply to my operations because I do not use fuel burning equipment for frost protection.</p>

<p>Rule 74.2, "Architectural Coatings"</p> <p><i>No person shall: manufacture, blend, repackage, supply, sell, solicit or apply within the District, any architectural coating with a VOC content in excess of the corresponding limit specified in the Rule 74.2 Table of Standards. (74.2.B.1)</i></p> <p><i>All VOC-containing materials subject to Rule 74.2 shall be stored in closed containers when not in use. (74.2.B.4)</i></p> <p><i>The permittee shall comply with Test Methods requirements outlined in Rule 74.2.G.</i></p> <p>Note that an architectural coating is a coating to be applied to stationary structures or their appurtenances at the site of installation, to portable buildings at the site of installation, to pavements, or to curbs. Coatings applied in shop applications or to non-stationary structures, such as automobiles, tractors, trailers, boats, and airplanes are not considered to be architectural coatings for the purposes of this rule, nor are adhesives.</p>	<p>I have knowledge that I have used only compliant architectural coatings and that all VOC containing materials are stored in closed containers when not in use.</p>	<p><input type="checkbox"/> in compliance with Rule 74.2 and will continue to comply with all requirements.</p> <p><input type="checkbox"/> not in compliance with Rule 74.2 at this time, but will be by: _____/_____/_____</p> <p>If <u>not</u> in compliance, submit plan per instructions.</p> <p><input type="checkbox"/> no activities subject to this requirement</p>
<p>40 CFR Part 82</p> <p>"Protection of Stratospheric Ozone"</p> <p><i>If the permittee performs maintenance on, or services, repairs, or disposes of appliances, the permittee shall comply with the standards for Recycling and Emissions Reduction pursuant to 40 CFR Part 82, Subpart F.</i></p> <p><i>If the permittee performs service on motor vehicles when this service involves the ozone-depleting refrigerant in the motor vehicle air conditioner (MVAC), the permittee shall comply with the standards for Servicing of Motor Vehicle Air Conditioners pursuant to all the applicable requirements as specified in 40 CFR Part 82, Subpart B.</i></p>	<p>I have knowledge that the requirements of Subpart B (motor vehicles) and Subpart F (appliances) are being met.</p>	<p><input type="checkbox"/> in compliance with 40 CFR Part 82 and will continue to comply with all requirements.</p> <p><input type="checkbox"/> not in compliance with 40 CFR Part 82 at this time, but I will be by: _____/_____/_____</p> <p>If <u>not</u> in compliance, submit plan per instructions.</p> <p><input type="checkbox"/> no activities subject to this requirement</p>
<p>40 CFR Part 61, Subpart M</p> <p>"National Emission Standards for Asbestos"</p> <p><i>Any owner or operator of a demolition or renovation activity, as defined in 40 CFR 61.141, shall comply with the applicable inspection, notification, removal, and disposal procedures for asbestos containing materials as specified in 40 CFR 61.145 (Standard for Demolition and Renovation).</i></p>	<p>I have knowledge that if renovation or demolition activity is performed, applicable notification, removal, and disposal procedures are being met.</p>	<p><input type="checkbox"/> in compliance with 40 CFR Part 61, Subpart M and will continue to comply with all requirements.</p> <p><input type="checkbox"/> not in compliance with 40 CFR Part 61, Subpart M at this time, but I will be by: _____/_____/_____</p> <p>If <u>not</u> in compliance, submit plan per instructions</p> <p><input type="checkbox"/> no activities subject to this requirement</p>
